

2019 CREST Newsletter

October

Introduction to Humanitarian Supply Chain Management

24-26 September, World Food Program (WFP) has invited NGOs from Malaysia and INGOs to attend a training organised by the UN Logistics Cluster located in Subang, Selangor.

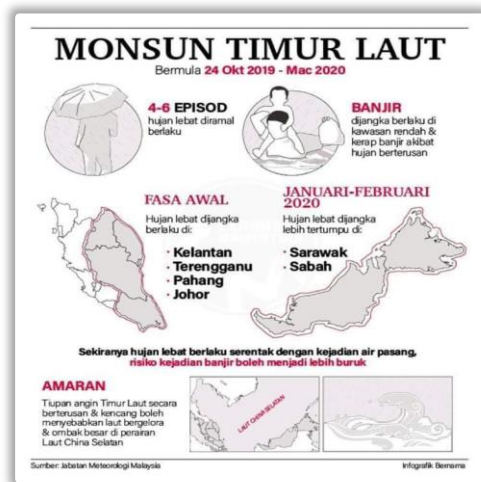

CREST has sent 2 representatives, our staff Edward Tan and Loh Siaw Jinn one of our associate member from Sarawak to learn from the experts. The response is overwhelming and we wish to team up with WFP to conduct more trainings in near future.

Monsoon Preparation

We have begun our preparation by sending our equipment for upkeep. Next month onward, we are meeting with various Local Coordination Center (LCC) Kelantan, Penang, Johor Bharu and Klang (Selangor) to plan and collaborate. These areas will be our priority because of we have established our network and trained with the local churches. Let's commit our plans to the Lord and pray for the good to come.

MetMalaysia: Monsoon has Started from 24 Oct 2019 – March 2020
