2020 AUGUST

RECOVERY MCO

As Malaysia transitions into the Recovery Phase of COVID-19, CREST has also begun to implement economic recovery and development programmes for the local community with other organisations. To see these programmes through, we need the support from our partners.

For the recovery programme, we will focus on people under the B40 category (household income of less than RM3,166 per month) and M40 category (household income below RM7,093 per month) who have lost their employment or joined the Voluntary Separation Scheme (VSS) during this period of time.

Microsoft Office Retraining Programme for B40 & M40 Group

This programme is open for B40 and M40 groups with terms and conditions. The objective of this programme is to encourage upskilling specifically in Microsoft Office application. Fresh graduates are encouraged to attend while looking for employment.

We thank HELP University for providing certified trainers and facilities at a discounted rate for CREST to run this programme. The training expenses are fully funded by CREST's supporters. [Link to More Information](#)

Microenterprise for B40 Group

10 Aug – Once again, CREST have signed an MOU to kickstart a microenterprise project in the rural area of Perak at Pahang. We have committed RM100,000 into this joint effort and will be implementing this together with Malaysian CARE.
